RS Pro Red & Black Ultra Thin Back Probes with Cable Piercer

Product Details

Red and Black Ultra Thin Back probes with Cable Piercer.

0.7mm (0.028") O.D. Back Probe Pins.

Perfect for connecting to fuel injectors, MAP and TPS sensors, as well as any weather pack seal type connectors.

The modular design is compatible with any industry-standard, 4mm plug whether shrouded or not. These are a perfect compliment to any test lead.

Also included are innovative adaptors that allows the user, using finger pressure only , to pierce very small cables minimising the risk of excessive damage to the cable.

Specification

Voltage:	< 30 V r.m.s.
Current Rating:	10 Amp
Safety Category Voltage:	N/A
Safety Category Level:	N/A
Minimum Operating Temperature:	-20°C
Maximum Operating Temperature:	+70°C
